

## SIEMENS SIMATIC HMI 6AV6651-5EB01-0AA0 Starter Package 277 DP Plus

### Our Product Introduction

#### Basic Information

- Place of Origin: Germany or China
- Brand Name: SIEMNENS
- Certification: CE
- Model Number: 6AV6651-5EB01-0AA0
- Minimum Order Quantity: 1
- Price: USD
- Packaging Details: 40\*30\*10
- Delivery Time: 7-14DAYS
- Payment Terms: L/C, T/T
- Supply Ability: 100PS

#### Product Specification

- Dimensions: 165 X 214 X 50 Mm
- Resolution: 480 X 272 Pixels
- Memory: 256 MB RAM,
- Processor: ARM Cortex-A8
- Certifications: CE,

## Product Description

### SIEMENS SIMATIC HMI 6AV6651-5EB01-0AA0 Starter Package 277 DP Plus

#### Product Introduction:

The SIEMENS SIMATIC HMI 6AV6651-5EB01-0AA0 Starter Package 277 DP Plus is a comprehensive package that includes the necessary components for starting with the SIMATIC HMI 277 DP Plus system. It provides a complete solution for operator interface and control in industrial automation applications.

#### Product Information and Specifications:

- Model: SIMATIC HMI 6AV6651-5EB01-0AA0 Starter Package 277 DP Plus
- Product Type: Starter Package for HMI system
- Components included: 277 DP Plus HMI panel and necessary accessories

#### Product Attributes:

- Model: SIMATIC HMI 6AV6651-5EB01-0AA0 Starter Package 277 DP Plus
- Product Type: Starter Package for HMI system
- Components included: 277 DP Plus HMI panel and necessary accessories

The SIEMENS SIMATIC HMI 6AV6651-5EB01-0AA0 Starter Package 277 DP Plus is designed to provide a convenient and efficient solution for getting started with the SIMATIC HMI 277 DP Plus system.

The starter package includes the 277 DP Plus HMI panel, which serves as the operator interface for monitoring and controlling industrial processes. The 277 DP Plus HMI panel offers a user-friendly interface with a display and input options for operators to interact with the control system.

In addition to the HMI panel, the starter package also includes the necessary accessories to set up and connect the system. These accessories may include power supply units, cables, mounting materials, and documentation.

The 277 DP Plus HMI system is part of the SIMATIC HMI series, which integrates seamlessly with other Siemens automation components, such as PLCs (Programmable Logic Controllers) and SCADA (Supervisory Control and Data Acquisition) systems. This enables efficient communication and data exchange between the HMI panel and other devices in the automation system.

The SIMATIC HMI 277 DP Plus system is designed to withstand the demanding conditions of industrial environments and offers reliable performance. It supports various features and functions to enhance operator efficiency and improve overall system productivity.

Please note that specific software features, programming capabilities, and system requirements may vary for the SIMATIC HMI 6AV6651-5EB01-0AA0 Starter Package 277 DP Plus. For detailed information on the components included in the package, software features, and any additional attributes, it is recommended to refer to the product documentation provided by Siemens or contact their technical support. They can provide specific guidance and assistance based on the starter package's specifications and requirements.
